

Kyäni Triangle of Health

The Kyäni Triangle of Health is a powerful, easy to use wellness system that provides unmatched nutrition for optimal health.

The Kyäni Triangle of Health features Kyäni Sunrise, Kyäni Sunset, Kyäni Nitro FX and Kyäni Nitro Xtreme. Each product works synergistically to provide you and your family with unmatched nutrition for optimal health. Kyäni's Triangle of Health supplies the power of Wild Alaskan Blueberries, tocotrienols (the most potent form of vitamin E), Omega-3 fatty acids, and Nitric Oxide in one easy-to-use system.

“The Kyäni Health Triangle maintains, defends, and repairs every cell in the body. The sum of the three products is more important than one product itself. Kyäni as a company is unique in the industry. There is no other

company that has a Triangle of Health, or a model like Kyäni has, to create global wellness.” - Dr. Qutab, DC, PhD

We invite you to learn more about the power of Kyäni and Experience More!

Kyäni Product Usage

The Kyäni Health Triangle™—Kyäni Sunrise™, Kyäni Sunset™ and Kyäni Nitro FX™—works synergistically to defend, repair, and maintain your best health. These simple instructions will allow you to “Experience More” with Kyäni.

Step 1: Take Kyäni Nitro FX™ (one 1 mL dropper/one draw of the dropper filled half-way or 20 drops of the trial size) before Kyäni Sunrise™. Kyäni Nitro FX™ improves blood flow and helps ensure optimal nutrient delivery to all parts of the body

Step 2: Drink Kyäni Sunrise™ (1oz./2 tbsp.) in the morning to provide essential vitamins, trace minerals, and anti-oxidants.

Step 3: Take Kyäni Nitro FX™ (one 1 mL dropper) in the early afternoon for an extra energy boost, approximately 5-6 hours after your morning routine.

Step 4: Take Kyäni Nitro FX™ (one 1 mL dropper) before Kyäni Sunset™ to prepare your body for Kyäni Sunset™.

Step 5: Consume Kyäni Sunset™ (3 gel caps) with dinner for optimal absorption and to allow the powerful Tocotrienols and omega-3s to help restore your body during sleep.

Kyäni Sunrise®

The Wild Alaskan blueberry is one of the most potent sources of anti-oxidants on the planet. The harsh realities of the Alaskan wilderness with extreme temperatures, extended periods of sunlight and darkness have lent itself to the remarkable, yet little known berry.

The Best Mornings Begin with Sunrise

Your body was designed to absorb nutrition to help fuel your busy day. Begin each day with 1 oz of Kyäni Sunrise, a great tasting, high-nutrient dietary supplement based on the core strength of the Wild Alaskan Blueberry and 10 other Super Foods including: Concord Grapes, Red Raspberry, Blueberry, Pomegranate, Aloe Vera, Noni, Cranberry, Wolfberry (Goji), Grape Seed/Grape Skin, and Bee Pollen.

A single delicious ounce a day provides the daily recommended allowance of the vitamins and trace minerals your body needs. Benefits of Kyäni Sunrise include:

- Enables Effective Stress Management
- Maintains Heart Health
- Supports Immune System
- Regulates Healthy Inflammatory Response
- Provides Increased Energy
- Facilitates Improved Brain Function
- Delivers Ounce-for-Ounce Value

 Rich Source of Resveratrol
 Reduces Risk of High
 Blood Pressure

Bee Pollen
 Enhances Athletic
 Stamina
 Seasonal Allergy Relief

Blueberry
 Improves Cognitive
 Function
 Maintains Healthy
 Cholesterol

Kyäni Sunset®

At the end of the day, your body needs to repair and replenish itself.

Kyäni Sunset® is the only product on the market that combines the most powerful Tocotrienols from the seeds of the tropical Annatto bush and salmon oil from Wild Alaskan Sockeye Salmon. Tocotrienols are shown to lower cholesterol, promote optimal blood sugar levels, and support a healthy heart. Wild Alaskan Sockeye Salmon oil is a pure and rich source of Omega-3 fatty acids known to reduce inflammation and promote brain health.

The benefits of Omega-3s have been known for years. However, finding a pure source that provides the power and potency you expect has been difficult until now. Sunset's Omega-3 comes from the wild Alaskan Sockeye Salmon which has been shown to be the purist Omega-3 available. This alone makes Sunset a powerful addition to your diet. Combining these Omega-3s with Tocotrienols provides you a powerhouse product helping to create a positive impact on your long-term health and well-being. Tocotrienols are a pure form of vitamin E that far surpasses the grocery store variety. A quick study of Tocotrienols reveals the major impact it has on cellular health.

- Helps Reduce Inflammation
- Maintains Healthy Cholesterol
- Improves Cardiovascular Health
- Supports Immune System
- Provides Increased Energy
- Improves Cognitive Function
- Improves Blood Sugar Levels
- Promotes Healthier Skin and Hair

Kyäni NitroXtreme®

Building on a Strong Foundation

Built on the strong foundation of NitroFX research, preservative-free NitroXtreme takes a giant leap into maximizing natural Nitric Oxide production in the body. First, we increased the Nitrate content which is recognized as a primary compound responsible for the generation of Nitric Oxide. Next we added other key ingredients that magnify the production of NO and increase the ability of the body to use it. These other key ingredients; CoQ10, Magnesium, Zinc, Chromium, and Niacin, have other beneficial health and wellness impacts as well. Together, these powerful elements combine to create the leading Nitric Oxide producing product on the market today.

Nitric Oxide...The Molecule of Life

Recent discoveries of the major role Nitric Oxide(NO) plays in human life has created a pursuit for products that enhance the production of this major life impacting element. Nitric Oxide is essential for optimal health. It has been shown in numerous studies that it defends, maintains and repairs every cell in the body. Kyäni NitroFX has lead the field in providing real results

without the negative side effects of some other products.

Leading the Field in Optimal Health

In order to continue as an industry leader in providing high impact products, Kyäni has developed the next benchmark by which others will be measured...Kyäni NitroXtreme.

- Promotes cardiovascular health and improved bloodflow.
- Supports muscle contraction and relaxation, as well as nerve transmission.
- Promotes healthy skin and a strong immune system.
- Reduces the risk of insulin resistance.
- Supports proper function of the intestines.
